Professional Summary

Computer Science graduate with hands-on software engineering experience through internships and projects, specializing in Python, Flask, FastAPI, REST APIs, and SQL. Experienced in developing cross-platform applications, backend services, sensor emulation, ML-based computer vision, and automated testing with Pytest and GitHub Actions. Strong foundation in Data Structures, OOP, DBMS, and software development practices, seeking an entry-level Software Engineer role.

Technical Skills

Programming Languages: Python, Java, C, JavaScript, SQL
Backend & Web: Flask, FastAPI, REST APIs, MySQL, HTML, CSS
Testing & Validation: Pytest, Unit Testing, Integration Testing, Postman, Debugging
Tools & Platforms: Git, GitHub, GitHub Actions, Docker, AWS, Linux, NGINX
Frameworks & Libraries: Flutter, Flet, OpenCV, YOLOv8
Core Concepts: Data Structures & Algorithms, OOP, DBMS, OS, Computer Networks, Software Development Life Cycle (SDLC)
Methodologies: Agile, Scrum, Version Control

Experience

Pushkala Technologies Pvt. Ltd. **Jan 2026 - May 2026**
Software Engineer Intern *Bengaluru, Karnataka*

- Developed cross-platform UI applications using Flutter and Flet based on client and team requirements.
- Built a sensor emulation application using Flet, Flask, and Python for sensor data simulation and backend communication.
- Contributed to an ML-based computer vision project using YOLOv8, including image annotation and object detection workflows.
- Redesigned the company website using HTML and CSS, improving its structure and user interface.

Edunet Foundation **Aug 2025 - Sep 2025**
Front End Web Developer Intern *Bengaluru, Karnataka*

- Developed responsive web interfaces using HTML, CSS, and JavaScript for consistent behavior across desktop and mobile.
- Debugged cross-browser compatibility issues to ensure consistent rendering and functionality.
- Maintained structured, reusable frontend code to improve consistency and long-term maintainability.

Projects

SwiftMeet:Intelligent Appointment Planner | *Python, Flask, MySQL, REST APIs, Pytest, GitHub Actions* | link **2026**

- Built an intelligent appointment scheduling system using Python and Flask that recommends appointments based on distance, real-time traffic, and availability.
- Integrated the Google Maps API to retrieve real-time location, distance, and traffic data for intelligent appointment recommendations.
- Developed REST APIs and MySQL database integration for appointment booking, service management, and scheduling operations.
- Implemented automated unit and functional testing using Pytest and configured GitHub Actions CI/CD to automatically run tests during code changes and deployment.

Wanderlust Adventures - Tourism Platform | *HTML, CSS* | link **2025**

- Built a responsive tourism platform using HTML and CSS with search and filter functionality.
- Improved navigation and content discovery through structured, user-friendly page layout.
- Deployed the site on Netlify with optimized static assets for faster load times across devices.

Face Recognition System | *Python, OpenCV, Face Recognition* **2025**

- Built a real-time face recognition application using Python and OpenCV with custom dataset processing.
- Implemented webcam-based frame capture and processing for live identity detection
- Developed recognition logic to accurately identify and label multiple detected faces in real time.

Education

MVJ College of Engineering - Bachelor of Engineering (B.E.) in Computer Science **May 2026**
Bengaluru, Karnataka | CGPA: 8.32

Gnyan Gangotri Independent PU College - PUC in Science (PCMB) **Jun 2019 - Jul 2021**
Jamkhandi, Karnataka | Percentage: 93.5

Relevant Coursework

Data Structures | Algorithms Analysis | Database Management Systems | Operating Systems | Computer Networks
Software Methodology | Systems Programming | Computer Architecture | Artificial Intelligence | Internet Technology

Certifications

- Web Development Fundamentals | **IBM SkillsBuild**
- Python 3.4.3 Training | **Spoken Tutorial, IIT Bombay**
- McKinsey Forward Program | **McKinsey & Company**
- Social Networks| **NPTEL**
